# COMPANIES

**DUE TO THE INCREASE** of Hispanic population in the United States, border business and relationships, allowing Mexican investments in the U.S. to continue its growth. Today, there are over 12 million jobs supported by trade with Canada and Mexico. Companies with Mexican origin continue to invest their operations in the U.S. These companies established in the U.S. not only grow within our boundaries but also at a global level.

# **COMPANIES** with MEXICAN ORIGIN

Latino Leaders compiled a list of the Mexican businesses that have invested in operations in the U.S. These businesses not only bring their services and products but provide employment to U.S. citizens as well.
